MIFAB® – MI-GARD® Drain Seals

MIFAB® – MI-GARD® Drain Seals designed with a flexible, one-way silicone membrane. It allows water to flow while blocking unwanted intrusions such as odours, sewer gases, and insects from entering up through the floor drain grate. It is an inline floor drain trap seal with UV resistant ABS plastic frame, silicone rubber sealing flapper and four flexible sealing ribs. Durable and easy to install, it is ideal for commercial and residential drainage systems.

Product Codes	
GD-1.5	40mm MI-GARD® Drain Seals
GD-02	50mm MI-GARD® Drain Seals
GD-03	80mm MI-GARD® Drain Seals
GD-3.5	90mm MI-GARD® Drain Seals
GD-04	100mm MI-GARD® Drain Seals
GD-06	150mm MI-GARD® Drain Seals

Installation

- Remove the grate or strainer
- Place the appropriate size MI-GARD® Drain Seal product
- Match the opening size 1 ½”, 2”, 3”, 3 ½”, 4” or 6” with the product size into the inside of the floor drain body outlet connection or the inside of the throat of the strainer
- The four flexible silicone exterior sealing ribs ensure easy installation into openings that have variations in size

Applications

- MI-GARD® Drain Seals is not designed to substitute the trap seal primers
- Used in the outlet connections of floor drain bodies, or the inside of floor drain strainers to seal the opening to prevent odours, sewer gases, and insects from entering up through the floor drain grate
- Ideal for commercial and residential drainage systems

Features and Benefits

- Eco-friendly solutions for preventing odours, gases, and pests from entering through floor drains
- Stops noise
- Flexible, one-way silicone membrane – will open to allow drainage and close when there is no water flow
- Four flexible silicone exterior sealing ribs ensure easy installation into openings that have variations in size
- Strong silicon skirts to help prevent flood damage
- Chemical-free solution that lasts several years
- Quick and easy to install, and can also be retrofitted
- Can be used in the outlet connections of floor drain bodies, or the inside of floor drain strainers to seal the openings
- Can be used independent or in conjunction with trap seal primers
- WaterMark approved WMTS-522:2021
- Available sizes: 40mm, 50mm, 80mm, 90mm, 100mm, and 150mm
